1. Introduction and Summary by a Systems Analyst

Channel 4 - "Accused: The Hampstead Paedophile Hoax by Story Films"

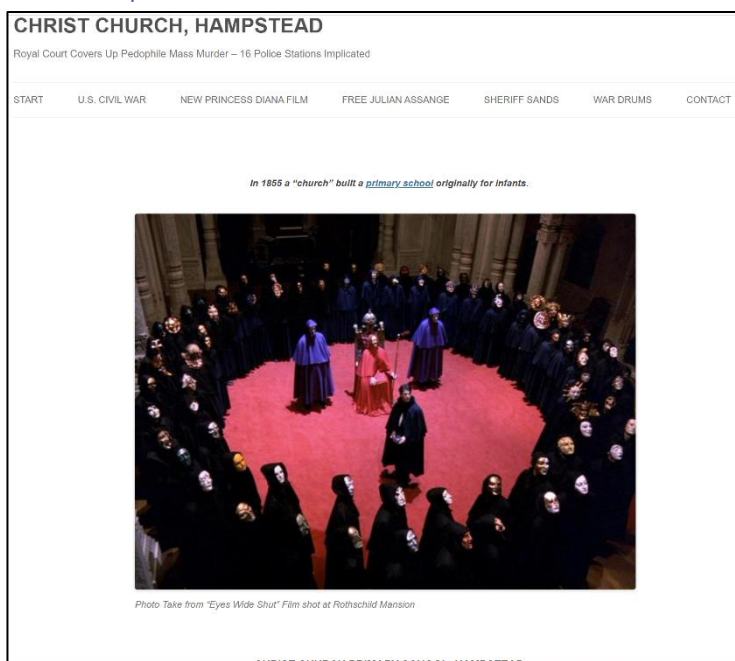

The announcement was made on 24th Aug 2023. I only saw it on 19th Nov. 2023.

This compilation of facts is triggered by the entrapment of [Story Films](#) into an interview for the [planned Channel 4 Broadcast](#). I finally got to read the title "[Accused: The Hampstead Paedophile Hoax Ring](#)", from one of the many supporters of the children's accusations. This is one year after many conversations with Tom, who claimed to be the producer, but used the email address research@StoryFilms.tv. This is nearly 10 months after their filming and my *CAVEAT and OUTRIGHT WITHDRAWAL of consent*. The non-disclosure of the title was one of my 10 reasons.

The accusers were two children, then 8 and 9 years old. The inventor of "It's a hoax" is their father, as shown below, on the front page of [Believe the Children](#).

The Hampstead Scene

[HampsteadChristchurch.com](#) was first archived on 7th March 2015. Amazingly researched, boldly and brazenly formulated by US Christine Ann Sands. She shouted the URL among demonstrators outside the church, after I had gone into exile, fearing the prosecution recommended by Barnet Council.

Christine was the first to be arrested, together with Neelu Chaudhari, who put a bundle of 1106 pages together for the Supreme Court. The children's accusations opened her eyes to the injuries on her niece's body.

I am an 'interested party', as I gave her a statement over the phone – from prison where I spent 4 years. The fake narrative of my case is now repeated as the story of the Channel 4 film: I was accused of having 'harassed' 4 of the 175 named abusers. They parade as victims of my campaign; despite the lack of investigation, as first demonstrated in this [No Crime report](#) on Christine's site.

As a legally very knowledgeable advocate, Neelu points to [Penalties for assisting offenders](#): it is a criminal offence to know about a crime and not to assist in the apprehension or prosecution.

[Hampstead Research](#) is the site that collated facts substantiating the children's accusations.

An impressive list of videos that investigate the key players and their online presence, e.g.:

- Police Raid
- Teachers
- Churches
- Lock and Shoe Shop (round the corner from where I lived for 40 years)
- A Hampstead child trafficker?
- Who was involved?

[Hoaxtead Research](#) is the counter attack of the accused, always full of malice and online stalking, including the photos of 40 of us supporters at some stage, always well informed by Police.

[Hampstead Cover Up](#) was built on behalf of the mother and her then partner.

The Global Stage of SRA [Satanic Ritual Abuse]

Canadian [Benjamin Fulford](#) living in Japan speaks of the [Khazarian Mafia](#) and *Octopus* as the elite groups, responsible for world policies, carried out by 'deep states' behind the façade of public officials. American / German lawyer [Dr Reiner Füllmich](#) led an international commission into COVID research and quotes [Catherine Austin Fitts'](#) *Mr Global* as the symbol for [world domination](#).

Swiss lay preacher [Ivo Sasek](#)'s most recent address of his 19th anti censorship conference is entitled [Number One Enemy of the State: the Octopus in State Guise](#). His daughter [Lois Sasek](#) produced [The Blood Cult I](#) and [II](#) with testimonies of first 27, then 111 victims, 50 witnesses and 50 perpetrators. They all demonstrate how SRA is the common denominator for controlling nation states and their currencies to pay public institutions.

[Joachim Hagopian](#)'s website [pedoempire.org](#) is about *Satanic Empire: child trafficking, torture & murder by the elite, with adrenochrome, blackmail and cannibalism*. His 5 books include:-

- Book 2: [The United Kingdom – the World's Paedophilia Epicentre](#) and
- Book 3: [The Rothschild Illuminati Bloodline and Ties to More British Scandals](#).

This article is a reflection of what [David Icke](#) called State Kidnapping, when I came across *Baby Harley* in South Wales around 2010. He was allergic to industrial milk, but Social Services knew better, and I shall never forget the photo of a fridge full of the mother's milk.

However, this text is about the institutionally organised, orchestrated, protected and covered up abuse that I came across thanks to a Russian mother in 2014. She asked us as the [Association of McKenzie Friends](#) for help, after two solicitors had failed her. However, they did pass on the CDs with the Police interviews of the then 8-year-old boy and 9-year-old girl.

Further private videos summarised extreme and exceptional abuse and killing, which is also described in the two Swiss films [The Blood Cult I](#) and [II](#). Both mention the Hampstead children and their accusations of their father being the leader of a cult, in which a church, several schools, Police and other professionals participate.

For me that became the eye opener to a world that has led from one shock to another, and one level of hounding, harassment and persecution after another. However, I am far from alone. I hope that my experiences contribute to the tide turning not only for these activities of cruelty and criminality, but all other destructive agendas towards world control by child sacrifice and subsequent blackmail.

Before I met the mother, neither she nor I knew about SRA. Until then, the worst of my cases had been the one of [the Nigerian family](#) whose eldest daughter was molested by the son of the foster parents; their second daughter told her mother that they were taken to dark places at night, where there were only men; the little boy asked her: *Mummy, what is paedophilia?*

Her seventh child was taken from her in a prison cell. I learned about that from American [Melissa Laird](#) whom I helped to prevent deportation without her son – all cases of false criminalisation of parents, so that the State can legitimise its child kidnapping.

This was confirmed to me when I was in prison for four years. I spoke about it to [Angela Power D'Isney](#) on video. She is an abuse survivor and being harassed by the UK, despite living outside jurisdiction. But her social media sites are so popular that they keep getting taken down by the powers that be.

The next worst case was the [Portuguese Pedro family](#) with five children. The oldest 12-year-old wrote on a card to his parents that he was concerned about the *bum rape* of his younger brother.

This summary of my experiences is written in the spirit of *We Believe the Hampstead Children and the Cover Up (not a Hoax)* of the crimes, committed and covered up by the Cult and its members from Police, Church, Schools, Courts and Media.

My perspective is thus one of many years of experience with hundreds of cases and their statistics. What shocks me now is the shift of Channel 4 programming: from two Dispatches about SRA in 1990 and 1992 to the promotion of a cover up.

2. Shocking Eye Openers

[The Hampstead Children Confirm Adult Survivors in 2014](#)

The outstanding 6 hours of viewing stretch your imagination, when you listen to the boy and his sister. It was particularly convincing to me how they reported amazing details independently, but also confirming each other. Furthermore, I had some eight folders of documents relating to custody battles between mother and father, to validate the mother's concerns for her, as well as 72 other children. She named them in a document that also listed 175 adults. For the first time in SRA history, children confirmed what until then only adults had reported, generally after therapy.

After I was arrested for the first time, at the mother's Appeal Court hearing in August 2015, Barnet Police attached their case against me to the one they had launched against Neelu Chaudhari aka Berry, as a co-defendant.

Neelu was a pharmacist charged with checking patients whether their drug dependencies were administered correctly, when she lost her niece to SRA.

[Baby Sunaina: Tortured and Killed by the National Health Service UK in 2000](#)

To accompany shocking pictures, Neelu writes on [sunaina2009.tripod.com](#): *Baby Sunaina died suddenly on 26 October 2000, aged 5 months, in a UK hospital, after UK paediatricians decided it was in "her best interests to die" against the parents' wishes and without a High Court Order. Pathologists found three needle marks on each hand, white food material in the airways and a wound in the arm, yet an Inquest concluded she died of natural causes.*

The family expatriated the body to India after UK authorities hid the body for several years and threatened to destroy the body. There is evidence that all internal organs including eyeballs were removed unlawfully, to hide the cause of death. The Police appointed paediatrician took 4 years to admit that doctors, pharmacists and nurses gave deliberate drug overdoses over a period of a month preceding death.

The family want the body brought back to the UK for a second Inquest, after UK Police refused to make a request to Indian authorities to investigate. A needle puncture in the neck has been omitted from all UK investigations.

Her experience with her niece started a life of suffering from authorities that only spiritually rooted people can sustain. But she turned her pains into the passion of fighting for justice, as a lay legal advocate, also on behalf of myself and the Hampstead Children. In the UK, her applications were found without merit. Still, she managed NOT to go to prison, while she has been made homeless: her late mother's and sister's house were stolen – together with her belongings.

3. Channel 4: from “Listen to the Children” and “Beyond Belief” to “Hoax Promoter”

1990: Beatrix Campbell for Dispatches

Broadcast on 3rd October 1990 @8.30pm. However, this 24 minute video

was edited by [SAFFUTUBE](#).

0:55: "This week the row over ritual child abuse in Rochdale is back in the headlines.

But is there really any such thing as Ritual and Satanic Abuse? Police in many different Forces deny it exists. Why are we so reluctant to listen to the children?"

1:33: The screenshot with "me Dad and willy"... in a church... drinking blood... I believed him straight away because of the fear that was in him... 6:47: the teddy bear was a baby that was going to be killed... 9:35: There was a scale of abuse that was quite incredible.

The screenshot shows the complicity of the Local Council to procure children 'legitimately', for considerable payments, by funding fostering and adoption programmes.

18:21 The Police say they have investigated all the locations and found nothing. The Children pointed the way, and the Police were unable or unwilling to follow them...

The next screenshot is from [In the Best Interests of the Whistleblower Kids?](#) I started this blog in April 2015, and it

had 1,700 followers and 250,000 views when it was taken down - as the result of "one of the grossest cases of both subversion and perversion of justice in British legal history." That's how Joachim Hagopian describes it in [Chapter 31: The Hampstead 2 Whistleblower Kids Expose Satanic Cult's MK Ritual Abuse – Child Porn Operation.](#) Here is a [video of this chapter.](#)

But Channel 4 choose to repeat the fake narrative of my court case.

Do they realise how **Police have perjured** themselves and that a **bundle is before the Supreme Court**? My nephew is a Public Prosecutor and said "IF there had been no crime, Police could have just asked you to "Cease and Desist."

The screenshot is a poster presented at the 27th European Congress of Psychiatry in 2019 in Warsaw. Its summary and background discuss the programme with its 4,500 calls of the helpline in the first hour after screening, as an indication of the seriousness of the issue. Results mention the book "The Politics and Experience of Ritual Abuse: Beyond Disbelief" by Sara Scott who ran the helpline, published in 2001. The late psychiatrist Dr Joan Coleman reported in 2011 about her work with 80+ survivors of SRA.

How overwhelming does the evidence need to be for Channel 4 to be convinced that the hoax is a cover up? Or do they know that they promote crimes against children and thus against humanity?

CRIS is short for "Crime Report Information System", i.e. official Police reports.

Barrister Justin Ageros has since been unable/unwilling to reply to our query, due to the FACT that the CRIS report received by Ella Gareeva's legal team differs from the CRIS reports received by him and other parties, including High Court Judge, Anna Pauffley, having no mention of consideration being given to interviewing or investigating F [redacted] and D [redacted] regarding the children's allegations of specific and serious sexually abuse. Both Justin Ageros and Investigating officer DC Steve Martin have confirmed that their copies of the CRIS report contained this information, thereby effectively "grassing" the Metropolitan Police in their clumsy attempt to pervert the course of justice by removing this information from the CRIS report served upon Ella Gareeva and her legal team.

The reason this entry was "redacted"/removed from the CRIS report received by Ella Gareeva and her legal team was because it showed that consideration was given to interviewing two of the main suspects in the case, yet they were never investigated or interviewed, and this redacted information would have revealed that aspect of the original "cover up".

Further analysis of the CRIS report served upon Ella Garreva's legal team reveals numerous other instances of attempts to pervert the course of justice, by the fraudulent and deceitful redaction/removal of entries, which exposes the extent of the attempted cover up.

Channel 4 film about Hampstead SRA case

Posted on [September 14, 2023](#) by [rcarvath](#)

[Channel 4](#) is likely to broadcast a film on the Hampstead SRA case next year. The film falsely portrays the case as a hoax.

This post is just a brief reminder of the fact that Richard Carvath investigated the case and found it to be a genuine SRA case.

Richard was attacked (with no right of reply) by [David Aaronovitch](#) in a 2019 *Times* article about the case, and again on Twitter in 2021. [Alexi Mostrous](#) (ex *Times*), who also asserts the case is a hoax, fled at the first sight of Richard (on Twitter) in 2022.

Mr Aaronovitch has a long history of denying the existence of [SRA](#), and he is perhaps second only to Rosie Waterhouse in the never-ending mainstream media dismissal of the subject as the 'satanic panic' myth. One has to wonder why such people are so eager to deny the obvious and well-evidenced reality of SRA.

In the UK, almost all SRA cases are either ignored or else suppressed by State agencies, as well as most major media. There is thus nothing particularly unusual about this Hampstead case getting the hoax treatment; but what is unusual is the ferocity, extent and repetition of attack from the now long-running campaign to cover up this case.

4. Parallels in Wales

Boy Anglesea in 2023

Richard Carvath also published the story of [Dr Anke Seegert Hill](#), the German mother in the UK. [Latest news](#) about this kidnap appeared on 4th Nov. 2023, three years after the event that resulted in the imprisonment of the mother and her helpers. Another excessive sentence was clearly meant as deterrence: 17 years for Wilfred Wong, the non-practising barrister who published [CASRA](#) – Coalition against SRA - with [successfully prosecuted cases](#).

7. Two Swiss Films confirm SRA Globally

[The Blood Cult I: 27 Victims – 27 Witnesses](#) – online since 16th June 2023

This 50-minute collection of testimonies by adults confirms what the Hampstead Children have alleged. It also confirms that *nobody will believe you*; and that SRA is a global phenomenon. With 1.6 million views on 18.11.2023, it keeps gaining views at remarkable rate. Its script is excellent reading, also without the viewing material.

Reactions to this film include the creation of [50 Voices of Ritual Abuse](#) - 23 testimonies of survivors in addition to the 27 victims in the documentary.

One of the victims is the publisher of [Unbroken.Global](#): **Max Lowen**. As a survivor of abuse by the Vatican, she demonstrates the utter betrayal of *God and all Things Holy* by the catholic church.

Her compilation of SRA survivors, and of healing journeys on the other side of trauma, are testimony to the *sacredness of suffering* that the Early Christians endured and gave us as a model to live by.

At the same time, it seems utterly unbelievable that torturers can be so insensitive to the suffering they afflict to children. Whose orders to they follows, if they don't listen to their hearts? Is it the need to please their parents? Their particular version of gods? A combination of many pressures, most likely.

What do we need to believe, to know and to understand? How do our hearts and minds cross the barriers to the unbelievable and un-understandable? Is our childlike imagination ruined, once we've been exposed to extreme and exceptional cruelty? The Swiss producer Lois Sasek apologises for having to submit the viewer to torture in their minds and before their eyes:

- **Ronald Bernard** from the Netherlands. As a successful entrepreneur and financial manager for many years, he had direct insight into the top level of the financial elite like hardly anyone else.

He testified that after a certain time, powerful circles had requested him to sacrifice defenceless children in ritual masses to their "god" Lucifer (Satan), but he could not do that. According to his statements, this Satan-Cult has been practicing such child sacrifices for thousands of years. It is a common and effective means to blackmail career-minded employees and make them compliant.

- **Dr. Marcel Polte**, a German lawyer dealt with the matter, raising the question as to why so few of these horrible crimes are made public and why are they hardly ever legally prosecuted. He has written several books on satanic cults and documented that the media run massive campaigns to ridicule the whole thing.
- They entitle these cases "Satanic Panic" and "False Memory Syndrome". This means that the cruel incidents did not actually happen, but that the therapists only talked the abused victims into them, in other words, that they implanted false memories, so to speak. What is interesting is that the False Memory Syndrome Foundation was started by, amongst others, Ralph Underwager, a self-professing paedophile.
- I would like to present a practical example of such a media campaign, so that you can imagine better what Dr. Polte meant. This is the cult expert Georg Otto Schmid who is right now, vehemently denying the existence of such a satanic cult in a documentary series by Swiss TV station, SRF, called "Satanic Panic".

All this is supposedly a conspiracy theory.

- **Russ Dizdar** is one of a great many witnesses who testify that Satanists pervert Christian customs and holidays in order to blaspheme God.

[The Blood Cult II: 111 Victims – 50 Witnesses – 50 Perpetrators: since 28th Oct. 23](#)

The first film encouraged so many more people to come forward that this second compilation confirms with **UNDENIABLE CERTAINTY** the **REALITY OF SRA WORLDWIDE** and the mechanisms at work:

- VICTIMS are tortured and manipulated according to their skills and usefulness
 - Just for the fun of killing in child hunts or the harvesting of organs and [adrenochrome](#)
 - In rituals and sacrifices as blasphemous activities
- SURVIVORS get trained to adopt special roles as spies and in psyops
 - Or they have special duties in the cult: procuring babies and making snuff movies
 - Pregnancies are enforced as early as possible for both mothers and babies to suffer
- ABUSERS are promised sex, fame, wealth and other perks, when they partake in killing
 - For the purpose of all this madness is blackmailing participants into compliance
 - Also documented in Switzerland: [World Danger: Highest Degree Freemasonry](#) pulls the strings with their pseudo-spiritual practices and symbolism
- ORGANISED ABUSE seems to rely on families breeding their own generations of abusers
 - *"His aunt did it to Papa and he wants us to do it to our children,"* said the Hampstead girl.
 - Cult members learn to kill and change role from victim to perpetrator.
- RESCUERS, HELPERS, THERAPISTS and WHISTLEBLOWERS are targeted for harassment, if not killed.
 - Leaving a cult is virtually impossible. "Peer pressure" is too big, and killing is so easy...

Alex Jones succeeded in filming such a ritual in front of a huge Moloch statue with a hidden camera as a witness in the strictly sealed [Bohemian Grove](#): an area in the U.S. state of California that is shielded from the public. There, people of the "US elite" from politics, business, art and media meet annually and practice dark rituals.

High officials from politics, business and the media take part in the rituals. The participation of the following persons is documented: US Presidents **Richard Nixon, Ronald Reagan, Jimmy Carter, George Bush Senior and Junior, Bill Clinton**, German Chancellor **Helmut Schmidt** was also present. In addition, **Henry Kissinger, Arnold Schwarzenegger**, and the heads of **Standard Oil** and **General Electric** attended these meetings.

Eyewitnesses such as **Cathy O'Brien** and **Kathy Collins** recount the events at Bohemian Grove. Survivor Kathy Collins: *"And a lot of my experiences were in Presidio and Bohemian Grove. I was used from a very young age, and I remember going through an initiation ritual at the age of three. Someone was forcing me to drink blood. [...] And then a case in Bohemian Grove where I was forced to watch a child sacrifice."*

Survivor Cathy O'Brien also testifies to human sacrifice at the Bohemian Grove site.

Survivor Lunis: What do you say about you supposedly being 'talked into' the ritual abuse or you making it up? *"Let me tell you this, I am not a therapist victim. I became a victim of massive sexual abuse and violence since my earliest childhood. Period."*

What do you say about there supposedly being no evidence of ritual violence? *"I am the evidence for it. My memories, which no one talked me into, are proof of that. I am a living witness and victim of this violence and I do not benefit at any level of my life from sharing that. The consequences of the violence are simply too severe for that. The struggle is far too great to get people deal with it, as we are doing here today, and the places for help where you can go are far too few, in order to be able to generate more attention with it."*

Wikipedia co-founder Larry Sanger says that *paedophiles rule the world and that the media and courts protect the abusers.*

Survivor Chantal Frei met actors and many famous personalities during gruesome rituals and sacrifices to which she was taken around the world.

She mentions some of them by name: *"In the Chateau of the Amerios (Castle in Belgium) where I was educated as Mother of Darkness (Satanic High Priest), I repeatedly met **Princess Stephanie Windisch-Graetz**. This Princess is the great-granddaughter of Emperor Franz Josef and Empress Elisabeth, called Sissi, of Austria, which is absolutely high nobility. And in this castle, I also met **Tom Cruise**, a gruesome ritual was his birthday present. In England **Queen Elizabeth II** brought me to **Westminster Abbey**, where she watched, as I was tortured on a stretching bank.*

*At the age of 16 I was taken to **Sagrada Familia** (a great cathedral basilica) in Barcelona. This was April 30th, Satan's birthday. The celebration was led by the Austrian actor and singer **Peter Alexander**. At this celebration I recognized some famous people among the many people present, for example **King Felipe of Spain**, the French Rugby-player **Serge Blanco**, the actor **Gérard Depardieu** and the three tenors **Plácido Domingo, Luciano Pavarotti** and **José Carreras**. The French actress **Catherine Deneuve**, the American actress **Elisabeth Shue**, the American author **Meg Cabot, Anna Komorowska**, the wife of the Polish president **Bronislaw Komorowski**, and also **Tony Blair** is who I met there. At another occasion I was led to then US-president **Jimmy Carter** by **Margaret Thatcher** and I was punished with a rope. I was strangled with it several times, until I fell unconscious. At the age of four or five I met **Bill Clinton** at a party. Participants named their sexual preferences to me and I had to satisfy them then."*

The response is, once again, overwhelming with 2 million views three weeks after the launch on 28.10.2023. Survivor Max Lowen:

“These psychopathic paedophiles and satanists have succeeded with secrecy and deception.”

8. Dramatic Discoveries by Canadian Psychotherapist Sandra Fecht

Special Branch visited supporters of the Hampstead Children with serious threats, unless they stopped talking about the subject. [Sandra Fecht](#) even lost her licence to practise. She has an M.A. in Counselling and work experience with culturally deprived, and different populations, including indigenous, who were living off of the land in Northwest Territories, prison populations, teaching psychology at a community college and Hospital outpatient counselling. In private practice since 1986, she travelled in the US, Europe and the UK, in an effort to raise awareness re SRA. She gave speeches and workshops about treatment for SRA. However, she became targeted, and had her application for licence denied. This restricts her practice and what she’s allowed to say in Ontario.

Since approximately 1990, she had been working with victims of SRA. Having been trained in a medical setting, she initially thought the reports of bizarre rituals were delusions, and sent clients to their doctors for anti-psychotic medication, as was protocol. For some, this resulted in admission to a psychiatric hospital. There they were discredited and revictimized not just by her, but the whole profession. After hearing similar stories from several dozen people, patterns started to emerge: a truth so huge and threatening that she couldn’t and didn’t want to see it. It was paradigm shifting.

Stages of Horror

Sexual abuse and sex magic, programming, diabolical tortures, horrifying choices to make, human sacrifice and cannibalism, threats and entrapment, drugging and the absolute power of rituals, playing with time and energy portals, lowering of frequencies to bring in dark spiritual entities and stealing spiritual gifts, souls put in and taken out of bodies, the impact of trauma on subatomic particles, toroid shape shifting and hybridization of races.

She watched the alienation from: self, God, true purpose and power, others, society and the truth of our history as humanity. She also learned the fact that every segment of our society is dominated by satanists: agriculture, economy, education, politics, fashion, food, health care, music, judicial system, architecture, energy, media, entertainment, mental health treatment, spirituality, truth even toothpaste. She discovered the importance of soul retrieval to get missing pieces and discovered spiritual treatments and prayer for re-installing self trust.

However, the family of one of her clients hired a lawyer to discredit her and she lost not only her licence to practise as psychotherapist, but also 80,000 Canadian Dollars in lawyers’ costs.

Silencing and ‘professional amputation’ through removal of her licence to practise, happened to Neelu as well. But once a fighter for Truth, always a fighter for Truth. For what doesn’t kill us, makes us stronger. However, it takes mental and emotional efforts to overcome internal programming: one survivor’s father had said *“The one who will believe you, has yet to be born.”* Another one was told: *“Never talk about it, because no one will believe you.”*

Sandra's discoveries include:

- the Types of Torture and its Purpose
- the Types of Abusers and their Psychopathy
- the Methods of Control
- the Principles of Compliance
- the Market Penetration
- her Victimization
- and the Healing Processes she developed to reconstitute souls after trauma.

Is it surprising that, she, too, had first hand experience in her family? Is it amazing that she gets "downloads" from God to appreciate and understand from a higher perspective the horror we have to experience as humans, having earthly experiences? Life seems to be about lifelong learning and discovering rabbit holes in the process, one more shocking than the last one, no matter on what medium: from the mouths of babes, their videos and drawings, or the books, films and TV by adults.

1991: THE ONLY SYSTEMATIC INVESTIGATION

9. Key Books & ITV for UK Exposure

Researching SRA took me into the British Library to one of the two exemplary copies of this overview by Tim Tate, a collaborator of the famous [Cook Report](#) on ITV. My summary of [Children for the Devil](#) is dated March 12th, 2016. The book was pulped because there could have been an insinuation of a lack of integrity (or something like that) of a police officer (God forbid...) on one of its pages...

The Devil's Work

"In a year long investigation we have catalogued more than twenty cases."

Upside down crosses are the symbols for these cases. The stories are similar to the ones Beatrix Campbell discovered for Channel 4.

1989: COOK REPORT - THE DEVIL'S WORK

But 35 years later, Hampstead happened, and the patterns of crimes and cover ups are the same:

- Police investigate, but don't find anything
- Courts deny and dismiss
- Media blame conspiracy theories
- The EU Directive and UN laws of listening to children before adults seem unheard of.

[Blasphemous Rumours - Is Satanic Ritual Abuse Fact or Fantasy? An Investigation](#)

[This book by Andrew Boyd](#) came out in 1995 and was sent to me in prison. I gave it to my barrister, because she had troubles believing me. But she said *"There must be somebody high up involved, the way you've been hounded."*

She also pointed out that the maximum sentence for *harassment* was being changed from 5 to 10 years, and this would be law by the time my case would be heard. I was given nine. *"You don't even get that for manslaughter,"* said one inmate.

What a smart move by the perpetrators who clearly didn't think I'd come out alive, given my age and disability. One prison officer said: *"I didn't think I'd see you alive, the way you've been treated."*

Amazon says: "Reports persist that children and adults are being systematically abused during rituals with satanic overtones. Opinion is divided on the truth of the matter, and the divisions are acrimonious. Sceptics argue that ritual abuse is an imported myth, believed by the gullible and propagated by the hysterical.

For this investigation, Andrew Boyd has stepped beyond the current cases to interview professional carers across Britain. Between them they claim to be counselling more than 600 victims of ritual abuse. Their detailed account plus in-depth statements by survivors are shocking in the extreme. Andrew Boyd is the author of "Broadcast Techniques of Radio and TV News".

10. Hollywood as Capital of Worldwide SRA

"Hollywood" appears seven times in The Blood Cult I script, and thirteen times in The Blood Cult II. CIA whistleblower Kevin Shipp testified that the CIA was paying major media journalists for fake stories and that the only way to succeed in Hollywood was to join the occult.

Xavier Naidoo "Where are they now?"

Lois Sasek writes in [27 victims](#): *In a touching video from April 2, 2020, the well-known singer [Xavier Naidoo](#), in tears calls viewers to confront this topic: "I just watched some stuff that has to do with adrenochrome - I was just weeping - it's so terrible, (crying)... As early as 2012, Xavier addressed with strong words the ritual abuse of children that is obviously being carried out in high social circles in the song titled "Where are they now?" The political and media persecution of the singer began immediately afterwards.*

Suicided in Hollywood

But the real statistics would be the number of stars who were killed for their courage to blow the whistle. [The Blood Cult I](#) mentions three.

11. The UN under the Control of Paedophilia

Where are the Missing Children?

[8 Million Children go Missing Every Year](#) – says [Calin Georgescu](#), former Executive Director of the United Nations and former President of the Club of Rome. *"The problem is that the UN agenda is the same as the Davos agenda. The world oligarchic system has all the power. Donald Trump was a big shock... Of course, they won't succeed. That's clear. The UN could have a fantastic role.*

But it's not, because it's totally under control of the oligarchs. The problem is that all of them are related with the system of paedophilia. For we know that 8 million of children disappear every year. They disappear without any information." Here [the full interview](#) with [Dr Reiner Füllmich](#), where he says the above.

Janett Seemann from Germany and Stan Maillaud, France

Another exemplary story from 27 victims: Janett is researching missing children and collaborates with the French activist Stan Maillaud. As early as 2008, she addressed a video message to Pope Benedict and one to former Chancellor Angela Merkel in which she indicated that countless children in Europe were missing. They were sold, abused, tortured and killed in a widespread pedo-criminal network. Seemann and Maillaud published a document on how child molester rings, child protection organizations, the police, the judiciary, and politics work together.

They came to the scandalous conclusion that judiciary and politics protect child molestation rings! Seemann and Maillaud were persecuted, even imprisoned at times, and condemned on false charges. In addition, the slogan "The Janett Seemann Fake" was created, and Seemann was branded as a conspiracy theorist.

Just like me in the Channel 4 film!

Do you really believe that labelling me is going to affect me?

Do you really believe it matters to me what you, or anybody thinks, writes or broadcasts about me?

I was born alone and I will die alone. What I have been doing in between is between me and my God who speaks to me via my conscience.

What I am seriously wondering about is how the 72 children are faring who were named by the mother... Her two must have had a VERY hard time getting over not only Police 'protection' and foster parents, but also having to be with their father, at the complete loss of contact with their mother and her family. Her whole Russian language and culture got lost from their upbringing. Initially, the mother had reports from foster parents about nightmares. But what may have happened by now?

Friends say that my work speaks for itself. My bag of some 400 cards that I received from supporters in prison covered a cell wall four times. That speaks for itself, too.

Remember: the CHILDREN made the accusations. THEY were seen to touch each other and a dog inappropriately by their mother and partner. I only gave them a voice, because they were not heard, even though they were visibly relieved that, at long last, they could get rid of their burdens.

13. Pedoempire Strikes Back: online and in 5 Books

[Pedoempire.org](#) is about Paedophilia & Empire: Satan, Sodomy and the Deep State

Pedoempire stands for everything that Sandra Fecht learned from her patients, and Catherin Austin Fitts from her financial analyses and named Mr Global.

George Orwell's 1984 is but a faint shadow of what the global agenda is. But armchair activists and social media publishers are competing with mainstream media, not only in terms of message, but also reach. In fact, Twitter tends to set trends for topics that mainstream media pick up.

However, with respect to SRA, mainstream media cover up, whereas social media expose.

That is particularly unfortunate when I have to discover that the Cook Report on The Devil's Work does not exist in its original form online, but only dissected by someone with 'vested interests'.

14. The Professional Realm of ‘Plausible Deniability’

Police for Arrests – because they are Complicit and *Because they Can*

What contributes more: “crime targets” as policy or their complicity as participants and / or protectors of their employers?.

Courts for Prisons – because it’s all about money

In simple words, plausible deniability means:

- everything that can be denied, is deniable and will be denied, as long as it plausible;
- everything that *needs* to be denied, is denied, *because they can*;
- so far, “they” have been getting away with denying.

When is evidence sufficient to topple deniability?

15. “The Devil is Real” – Karen, the Catholic Priest in Prison

I did not know about the reality of “the enemy” until I attended every Bible group on offer.

I did not know about Ephesians 6 and The Armour of God for earth as the battleground for soul catching. I had not used the power of prayer and I had forgotten the enthusiasm that can be experienced when worshipping God.

Making Sense is the Psychological Challenge

To discover that a CHURCH could be used for crimes against children was too much for my ideas of holiness and sacredness. To see the priest behind a curtain in Court, literally covered up, was too much of a farce for my mind used to data and facts. And thus I used prison time for opening my spiritual eyes.

Since then I discovered that Richard Carvath noticed that Hampstead Christchurch does not actually preach Jesus’ gospel, but the post is gone. How many satanic churches might be around by now?

16. “Heaven is Real” – Thousands of Near Death Experiencers

Once I had access to the internet again, I watched testimonies of visits to heaven and hell. I was particularly impressed when I heard [this pilot](#) say that being without God is worse than Hell.

Near Death Experiences (NDEs)

I had begun studying NDEs when my father died in 1975. That was by reading books. Now there more books and videos than ever before, but the message is the same: our own conscience becomes our judge, while Jesus and the Almighty welcome us with the deepest love imaginable.

17. “We Believe the Children” – A Hoax Alternative to End Deniability

When High Court Judge Anna Pauffley “*had no intention of returning the children*”, we went online with a petition and a blog as advocates of children’s rights. We sought recourse in the Court of Public Interest. Online we could comment, share links and make videos, and we experienced ‘trolling’ and online harassment.

Now that Story Films have been paid by Channel 4 to make a film about the *Hampstead Paedophile Hoax Ring*, we need to go online again, with more online options and far more information about SRA as a non-deniable global phenomenon, as deplorable and shameful it is.

Social Media Step in when Mainstream Betrays

Now we need to do it on video. Collectively. In your face. Not just hidden as a comment, a blog or a video here and there. Just as Survivors are coming together, so can we as advocates of children's rights and Supporters of the Hampstead Children.

For enough is enough. On too many levels of betrayal, lies and victimisation.

The media buck stops here.
